1. General Rules

The German International School Washington D.C. expects its students to behave in a polite and helpful manner, observe rules, and follow instructions. They must acknowledge and observe the discipline that is necessary to maintain an orderly school. All students and staff declare themselves willing to respect each other and to protect each other’s dignity. This must be demonstrated through their behavior on school grounds, on the way to and from school, on field trips as well as in publications, pictures, and video and audio recordings made available to the public.

2. School Property

If no teacher is present in the classroom five minutes after the beginning of the period, the class speaker must inform the reception area.

6. Use of the Recess Area during the Breakfast/Lunch Breaks (long breaks)

During the long breaks, students from grades 5-12 may use the recess area (at the east side of the building) and the sports field. The area in front of the main entrance is not part of the designated recess area and is off limits to students during breaks.

Sitting or climbing on the walls and trees, walking on the landscaped areas as well as on the steps leading to the cooling tower and the balconies is prohibited.

Ball games, with the exception of touch ball and baseball, are permitted on the sports field during the long breaks.

Football may only be played without contact.

Every student is responsible for making sure that the recess area is kept clean. Trash is to be separated and disposed of in the designated containers. Activities that can lead to injuries or property damage (i.e. wrestling, throwing snowballs) are prohibited.

7. Use of the Cafeteria in the Breakfast/Lunch Breaks

The cafeteria is open to all students during breakfast and lunch breaks. Each student who has used the cafeteria, must clean up the area he or she has used before leaving. Dishes are to be returned to the serving hatch and trash must be deposited in designated containers.

8. Remaining in the Building during the Breakfast and Lunch Breaks for Grades 5-9

Students in grades 5-9 will stay in the recess area during breakfast and lunch breaks. The Aula may be used only in the event of inclement weather. Students in grades 5-9 are not allowed on the top floor or in the classrooms during breakfast and lunch breaks. Students may not linger in the hallways or in the classrooms during breakfast and lunch breaks.

Making noise and running as well as any ball games inside of the school buildings are prohibited.

Lingering in the labs and in the auditorium is only permitted under teacher supervision. When in the cafeteria, the students follow instructions of the kitchen personnel and volunteers as well as the teachers in charge. In the event of a violation, the student may be refused permission to eat in the cafeteria or may be entirely suspended from the cafeteria.

9. Food and Drink

In general, food and drink brought from home may only be consumed during the breakfast or lunch break and only in the cafeteria or outdoors in the recess area. **Orders for delivery (i.e. Pizza) made by individual students may not be made without the permission of a teacher.** Students may have a snack in the classroom during the five-minute breaks. Only water may be consumed in the classrooms and in the hallways, (no soda, coffee, tea, etc.). Food from the cafeteria may not be brought into the building. Eating and drinking during class is not permitted. In certain situations (such as during a lengthy exam) the teacher in charge may allow an exception. Chewing gum is not allowed on school property.

10. Use of the Outside Balconies

The outside balconies may only be used during a fire alarm.

11. Tidiness

Each week, the homeroom teacher selects two students to be in charge of making sure that the classroom is tidy. They are called *Ordnungsdienst*. Their duties include:

- a) Organizing enough chalk for each school day
- b) Cleaning the blackboard after each period
- c) Closing and locking the door and windows and turning off the lights at the end of the school day
- d) Making sure that all chairs have been placed on the tables at the end of the school day.

These students will also be responsible for completing these tasks in lab rooms the class has utilized.

The students are also responsible for completing these tasks if the class was using a different classroom than their own during the last period.

12. Leaving School Grounds

Students in grades 5-10 may not leave the school grounds during lunch breaks or during breaks in their class schedule. They may only stay in the designated recess and landscaped areas. Students who are not eighteen years old in grades 11 – 12 are required to bring a written authorization from their parents or guardians to be able to leave school grounds. School Management can however allow an exception.

Students in grades 5-9, who have a free period (*Freistunde*), remain in the library. They may not linger in the hallways.

Students in grades 10 -12 may spend their free periods either in the library, room 127 or in the seating area in the Upper School hallway.

The teacher's room is off limits to students.

13. Conclusion of the School Day

Each student is expected to keep his or her place clean and orderly at the end of the school day. School supplies and clothing may not be left in the room. Chairs are to be placed on the tables at the end of the day.

All students in grades 5-10 must leave the school grounds at the end of their scheduled classes. The permission of a member of the administration is needed for exceptions to this rule.
